OFFICE OF
SOLID WASTE AND EMERGENCY RESPONSE

MEMORANDUM

SUBJECT: Twentieth Remedy Delegation Report

FROM: Jonathan Z. Cannon
Acting Assistant Administrator

TO: Regional Administrators
Regions I-X

Purpose:

To delegate selection of remedy authority for all Records of Decision scheduled for signature during the 3rd and 4th quarters of fiscal year 1989.

Background and Objectives:

EPA Delegation of Authority 14-5 authorizes delegation of remedy selection decisions to the Regional Administrators. These procedures are outlined in OSWER Directive 9260.1-9, dated March 24, 1986. To further streamline this process and facilitate planning, I am delegating all RODs scheduled for signature during the 3rd and 4th quarters FY89. Our objective is to provide Regional management greater flexibility and control for meeting project commitments by reducing the number of Headquarters' consultations.

This Remedy Delegation Report identifies those sites delegated to the Regional Administrators for selection of remedy. At your discretion, this authority may be redelegated to the Deputy Regional Administrator.

Implementation:

The remedial actions delegated in this report are described on the following pages. In addition to on-going consultation between the Remedial Project Manager and the Headquarters' Regional Coordinator, it is recommended that the Regions consult with Headquarters at the Division Director level for those sites

involving nationally precedent-setting issues, or where there is an unresolved issue relating to State concurrence, ARAR compliance or use of waivers, PRP settlement/negotiations, multi-source groundwater contamination, or other such significant issues. For any site where the proposed remedy exceeds \$30 million or utilizes a fund balancing waiver (SARA 121(d)(4)), the Region must consult with Headquarters.

In addition to those sites listed in the attachment, if there are other sites scheduled for ROD signature during the 3rd and 4th quarters FY89 requiring delegation, please notify Carol Jacobson (FTS 475-9834) in the Hazardous Site Control Division.

Further questions should be addressed to Carol Jacobson or Candice Wingfield (FTS 475-9317) in the CERCLA Enforcement Division.
